AT A GLANCE

Mother Concern	:	Noman Group since 1968		
Year of Operation	:	2015		
Product items	:	Finished Fabrics		
Total Area	:	967129 sqft,		
Production Area	:	572000 sqft		
Workforce	:	2200		
Annual Sales	:	US \$160 Million		
Export Percentage	:	100%		
Capacity (per day)	:	Ball Warping	: 219000 yards	
	:	Rope Dyeing	: 244000 yards	
	:	L.C.B	: 242000 yards	
	:	Sizing	: 250000 yards	
	:	Weaving	: 186000 yards	
	:	Finishing	: 220000 yards	
	:	Inspection	: 230000 yards	
Products	:	Raw Denim	Organic Denim	
	:	Stretch Denim	Poly Cotton Denim	
	:	Cotton Serge Denim	Bull Denim	
	:	Printed Denim	Slub Denim	
	:	Colored Denim	Viscos Denim	
	:	Ecru Denim	Marble Denim	
	:	Dobby Denim	Chambray Denim	
	:	Tencel Denim	Knit look Denim.	
	Major Markets	:	USA, UK, EU, Australia, China, Japan,	
		:	Korea, Russia, Hong Kong etc.	
Facility Location	:	North Mawna, Sreepur, Gazipur		

CAPABILITIES

- 🌿 **6 Million yards of denim fabrics production per month**
- 🌿 **Latest Ozone machine integrated into our composite complex**
- 🌿 **World class ETP Plant Facility**
- 🌿 **Environmentally compliant**
- 🌿 **Integrated with Social and environmental responsibilities**

MAJOR FEATURES

- 🌿 **Performing at 90% Efficiency, Rejection 1.4% (contributes towards better quality).**
- 🌿 **Facility of Rope - Airjet - Rapier - Ozone De-sizing machine.**
- 🌿 **Lab with all testing facilities. Accredited by H&M.**
- 🌿 **Fully compliant environment. Cogeneration from all Generators' exhaust and hot water.**
- 🌿 **Un-interrupted captive power supply.**

OUR PRODUCTS

We produce the denim fabric to meet the real demand of international customers. Our world class denim fabric has already recognized as the best taste for the global market and contribute to furnishing denim industry requirements.

 FROM 3.5 (Oz) to 15 (Oz)

PRODUCT FUNCTIONALITY

80s Sustainable

80s inspired indigos with new shades like royal blue & pure deep blue. Sustainable interpretation with refibra Yarn and pcw cotton poly & recycle poly-repreve along with Performance like dualfix technology but also natural source Fibers like jute.

Thermolite Fabric

Lightweight Warmth

How It's Done

Hollow core fibers trap air, provide insulation and wick moisture to the outside of the fabric where it can dry quickly

Drape & Functional

Soft series of denim with our new pure light blue. Sustainable water less fibers like tencel & modal are used here & also for more softness. We have integrated also with recycle poly like repreve & also functional yarns Like ice cooling & bamboo charcoal anti bacterial & ramie, jute as natural fibers.

Coolmax Ecomade Fabric

Cool, Dry Comfort

How It's Done

Fibers with special cross sections wick moisture to the outside of the fabric where it can dry quickly. Fabrics must contain at least 20% qualifying fibers.

Functional Skinny

Pure blue for the new skinny story with revolutionary new functional fibers. Baboo charcoal yarn, which naturally regulates humidity and stimulates blood circulation. We have nano zinc and ice cooling yarn tech for cooling and anti bacterial.

XFIT

360° Comfort & Fit

How It's Done

Fibers contain Lycra T400 fiber in the warp and Lycra T400 fiber in the weft as like four way stretch fabric provides amazing comfort and fit

Oxygen Finish

Welcome to our new process sustainable less water & better performance. We have combined the new technology with Innovation functional fibers and also more sustainable like modal-refibra, bamboo and charcoal.

Tough Max

Tough Meets Comfort

How It's Done

Fibers contain Lycra T400 fiber in the weft 2% strength of 100% cotton denim and it's longer lasting in comfort in wear with consistent fit.

Skinny & Sustainable

Have a look at our new coral blue And also our blu grey and classic black. Soft denims for all the occasion with sustainable blends, water less fibers like refibra, Antibacterial like bamboo, ramie, jute and also recycle like repreve.

DualFx

Super Stretch. Super Recovery

How It's Done

Fibers contain Lycra fiber plus Lycra T400 fiber in the same yarn. High stretch [30%] and Low growth & shrinkage

PRODUCT VARIANT

SHADE VARIANT

- Vintage/Dirty wash.
- Bright indigo shade and Bromo Dyeing
- Green bottoming, Brown bottoming, yellow bottoming
Sandwich shade for varied casts on wash downs.
- Deep indigo with Red/Green casts.
- Blacks with Red/Green casts.

WEAVE VARIANT

- Twill weaves.
- Sateen weaves.
- Chambray.
- Polka dot type structure weave.
- Cords & Ribs.
- Stripes & Checks.
- Knit type weaves.

STRETCH & SUPER STRETCHES

- Using cotton lycra.
- Using poly lycra.
- Stetches in combination with structure weave.
- Stretch denim with non stretch looks.
- Stretch with dense construction / Satin weave.
- Stretch in 360°

YARN LIST

- Ring Yarn
(card, combed, compact)
- Open End Yarn
(Auto core)
- Slub Yarn (all Type)
- Corespun Cotton Yarn
- Corespun poly/pc/cvc
- Corespun slub
- Dual Core
- Dual Core PC, CVC Yarn
- Dual Core slub
- Viscos Yarn
- Tencel Yarn
- Siro, Siro slub Yarn
- Model Yarn
- Injected & injected Sub
- Positive/Negative Slub
- LINEN Yarn
- FeelFresh
- GreenGold
- Colored weft
- RAYON Yarn
- Coolmax, Ecomade Yarn
- Thermolite Yarn
- Multicount, Multislub Yarn
- Tri Blended Yarn (Any kind)
- Air Covered Yarn
- Lino Cell
- with Creora & Invista Yarn
- All Blended Yarn

Certification in spinning

OUR CLIENTS

Exporting Denim Fabrics

USA, UK, EU, Australia, China, Japan, Korea, Russia, Hong Kong etc.

Gaining confidence by catering to the world's leading fashion brands

CERTIFICATE

OF ACHIEVEMENT

The highest quality of denim manufacturing in the global market, a class of sustainable denim is reflected by our **certifications**.

SOCIAL COMPLIANCES & CSR

- 🌿 Women Empowerment
- 🌿 No child labour
- 🌿 Timely salary disbursement
- 🌿 Minimum wages
- 🌿 Medical leave
- 🌿 Maternity leave
- 🌿 Recreational facilities
- 🌿 Day care center for infants
- 🌿 Dinning facility
- 🌿 Medical center & ambulance facility
- 🌿 Living accommodations for plant workers
- 🌿 Hygienic dining & pure drinking water facilities
- 🌿 Training Center for human development
- 🌿 Prayer room facility
- 🌿 ATM Booth facility

strength with
sustainability

Energy efficient production

Saving water (ETP plant)

Resource recovery

In house re-using waste plant (PCW)

Self-sufficient 20 Megawatt Power Plant

RESEARCH & DEVELOPMENT

To explore new opportunities with buyers by the most advanced fabric development

Sampling unit which hosts garment & leg panel samples and prototypes which are at the helm vision for the future.

Design team exclusively generated applications, suggestions ranging from styling silhouettes to different finishes.

All of our efforts are directed to meet the standards and satisfaction of our clients.

STRATEGIC PARTNERS

MACHINERIES

Barber Colman, West Point, Shanghai Nanshi Trading, Karl Mayer, Morrison Greenville, Smartec, Picanol, Mercerizing Machine (USA), Stenter Machine (USA), Sanforizing Machine (USA).

RAW MATERIALS

ALLENBERG COTTON CO., SCLAVOS, EU, CARGILL. Own House Yarn Supplier (600,000 spindles Capacity of 300 metric tons a day)

CHEMICALS

DYSTAR, BASF, ARCHROMA, PULCRA, MASTONE.

BANKING

Dutch-Bangla Bank Limited, Standard Chartered Bank.

LOGISTICS

DHL, FEDEX, MAERSK LINE, TNT
